Soils Shale and Granite

Varieties Cobrançosa, Cordovil e Galega

Harvest Oct. 2022 / Semi-manual

Capacity 500 ml

Ceramic bottle, produced in Portugal, with non-drip lid. The packaging protects the product from light.

Produced from green olives harvested at the beginning of the season.

Characterized by a **very low acidity, 0.2%**, fruity green, bitter and spicy flavor.

Early Harvest extra virgin olive oil has a higher chlorophyll content and is richer in healthy polyphenols.

It is also characterized by its highest concentration of the **anti-inflammatory and antioxidant oleocanthus**.
